

McCarthy Improvement Company

-----PAVING * GRADING* HEAVY CONSTRUCTION-----

Transportation News

For Immediate Release: October 29, 2009

Contractor: McCarthy Improvement Company

Owner: State of Illinois Department of Transportation

Project: I-74 Moline, Illinois

Location of Work: Both lanes from Mississippi Bridge to Interstate 280

Work Description:

Weather permitting:

The following ramps will open this Friday: I-74 Eastbound (SB) to Il 5 Eastbound and I-74 Westbound (NB) to the Avenue of the Cities.

Beginning on Monday, November 1st, 2009, the following ramp shall be closed: Il 5 (John Deere Road) Westbound to I-74 Eastbound (SB). Then starting on Wednesday, November 4th, 2009, the following ramp shall be closed: I-74 Eastbound (SB) to Il 5 (John Deere Road) Westbound. These ramps will be closed for concrete patching and repair.

Traffic switches (lane changes) in both directions will also be taking place on mainline next week. Starting in the eastbound (SB) direction first.

Asphalt milling and resurfacing of the entire mainline of the I-74 project is now in progress. The work will be taking place in both directions for a period of more than a month. McI will notify the public of any further lane changes (switches) as far in advanced as possible.

Please continue to use caution during the final stages of work for the 2009 construction period.
