

McCarthy Improvement Company

-----PAVING * GRADING* HEAVY CONSTRUCTION-----

Transportation News

For Immediate Release: November 12, 2009

Contractor: McCarthy Improvement Company

Owner: State of Illinois Department of Transportation

Project: I-74 Moline, Illinois

Location of Work: Both lanes from Mississippi Bridge to Interstate 280

Work Description:

Weather permitting:

The following ramp will open this Friday, November 13th: Il 5 (John Deere Road) Eastbound to I-74 Westbound (NB)

Beginning on Monday, November 16th, 2009, the following ramp shall be closed: I-74 Westbound (NB) to Il 5 (John Deere Road) Westbound. This ramp will be closed for concrete patching and repair.

The asphalt milling and resurfacing work on mainline I-74 is now completed until spring of 2010. The removal of the remaining barrier wall and temporary striping will be performed tomorrow November 13th, 2009. Once these remaining steps are completed, the project will reopen to two lanes of traffic in both directions.

Please use caution as traffic modifications are being made during the final few days of work.
