

# McCarthy Improvement Company

-----PAVING \* GRADING\* HEAVY CONSTRUCTION-----

## Transportation News

**For Immediate Release:** April 7, 2010

**Contractor:** McCarthy Improvement Company

**Owner:** State of Illinois Department of Transportation

**Project:** I-74 Illinois

**Location of Work:** West (north) and East (south) bound lanes from Illinois Route 5 (John Deere Road) to 7<sup>th</sup> Street Moline.

### **Work Description:**

#### **Area 1:**

Starting on the 19<sup>th</sup> of April, McCarthy Improvement Company will be working on the inside (left) lanes of I-74 in the location described above and in both directions simultaneously.

The work includes asphalt milling and resurfacing. The inside median lane will be closed to traffic for approximately 3 weeks. The work will then shift to the outside lanes for an additional 3 weeks.

#### **Area 2:**

Starting on April 12<sup>th</sup>, McCarthy Improvement Company will be working on 23<sup>rd</sup> Avenue in Moline above I-74. The traffic there will be reduced to one lane in each direction.

The work includes continued concrete patching and milling in preparation for a new asphalt surface.
